

COMMERCIAL WINDOW CLEANING

Enviro Green Clean Services

Enviro Green Clean Services has a new innovative spot-free window cleaning service. This system cleans windows, sills, ledges, tiles, signs and canopies up to 4 storeys (35 feet) safely from ground level.

Enviro Green Clean Services uses an Ionic System process that clean windows, frames and canopies without leaving any streaks or spots. This system doesn't use any chemicals and that's good for the environment.

Professionally trained and uniformed staff will arrive on time and clean your windows to the highest standard at a cost effective and competitive price.

For further enquiries please contact our team on 1300 091 591, email: info@egcservices.com.au or visit us at www.envirogreenclean.com.au
